THIRTIETH
CONVOCATION
1994

Lakehead University

Convocation 1994

Saturday, May 28, 1994 marks Lakehead University's thirtieth annual convocation for the conferring of degrees and diplomas. The word "convocation" means "calling together". It is a ceremonial meeting of the entire university community. On Convocation Day university members and their guests wear special attire based on a tradition that dates back as long as seven centuries ago. The academic costume, also referred to as academic "dress" or "regalia", had its origins in the ancient European universities. The regalia was devised to distinguish academic persons such as doctors, licentiates, masters and bachelors. In the middle ages they were worn as everyday attire. Gowns were a necessity because of unheated buildings and hoods were needed to cover the heads of medieval scholars.

There are many variations of academic dress. The hood, gown and in some cases the special hat (mortarboard) worn by an individual is determined by the style of the university where he or she received a degree. The colourful gowns and hoods of universities from across Canada, the United States, the United Kingdom and several other nations of the world are worn here today.

The academic dress chosen by Lakehead University is fashioned after that of the University of Oxford, the oldest English-speaking university in the world. The robes worn by the officers of the university - the Chancellor, who presides at convocation, the President (who is also the Vice-Chancellor) and the Chair of the Board of Governors - are all of the Oxford cut and trim. Each has its own distinctive colour. The colourful gowns worn by the individuals who are receiving honorary degrees are of the same design as are the black gowns worn by the student candidates. The ritual at convocation reflects the medieval custom that anyone in a university could wear a gown, but a hood was the symbol of a degree. Students who have met the university's academic requirements (three, four or five years of study in particular subjects) wear the symbol of their status as holders of a Lakehead University degree. Lakehead University's bachelor's and master's degree hoods are distinguished by a

one or two inch colour border which indicates the degree acquired eg. white for Arts, drab for Commerce, blue for Education, burgundy for Nursing etc.

In addition to "earned" degrees, the university confers "honorary" degrees which symbolize the highest honour that can be conferred on an individual by the university. An honorary degree may be awarded in recognition of scholarly or creative attainments or distinguished public service to the country or region. They go to individuals who have been designated by the University's Senate, its senior academic governing body, as deserving special honour. At convocation the degree is awarded *honoris causa*, or "in the cause of honour". A hood is also given to the recipient and it may be worn to any academic affair. Recipients of these degrees become honorary alumni of the University and they may affix, after their names, the abbreviation of the degree. Two honorary degrees, the Doctor of Laws (LLD) and the Doctor of Humane Letters (DHumL) will be conferred in today's ceremonies.

The Board of Governors of the university also recognizes individuals who have contributed to the growth, development, welfare and well-being of Northwestern Ontario and of Lakehead University. This is done by the conferring of the title Fellow of the University. You will recognize university Fellows by their familiar blue gown with white velvet epitoge or scarf.

During the processional and the recessional the Marshal for convocation carries the Mace, a silver wand which is a traditional symbol of the university's authority. This mace was given to the university by the Alumni Association in 1971. It bears the university's motto *Ad augusta per angusta*, Achievement through Effort.

Today the university community celebrates its thirtieth annual convocation. Its members dress in clothes which are symbolic, not functional, and go through a centuries old ritual for the conferrment of degrees and diplomas. We thank you for being present to share this special event with us.

THIRTIETH ANNUAL CONVOCATION FOR THE CONFERRING OF DEGREES AND DIPLOMAS

*The Chancellor welcomes graduates, members of the Lakehead
University Alumni Association, faculty and guests to the
CHANCELLOR'S LUNCHEON to be held in the Main and
Residence Cafeterias, Lakehead University, between twelve
o'clock noon and two o'clock.*

The Honourable Nellie J. Cournoyea

Premier of the Northwest Territories

Nellie Cournoyea has represented the Western Arctic riding of Nunakput since 1979 and has served as Premier of the Northwest Territories since 1991, guiding northerners through what might well prove to be the most significant period of change in the history of the north. She has played an important role in economic development, land claims, national constitutional discussions, and broadcasting in the north.

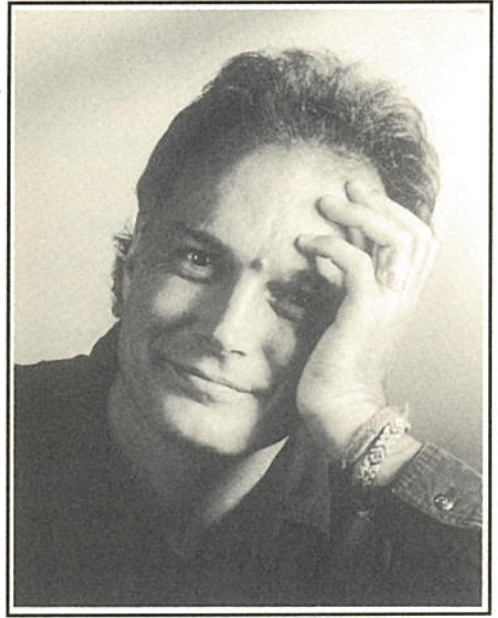

Ms. Cournoyea was born in Aklavik, Northwest Territories. Her early professional experience provided her with a wide range of expertise that has served her well as government leader. She worked at CBC Inuvik for nine years as an announcer and as station manager. She also served as a land claim fieldworker for the Inuit Tapirisat of Canada and was a founding member and later administrator and land rights worker, of the Committee for Original Peoples' Entitlement.

As a legislative representative since 1979, Nellie Cournoyea has encouraged and stimulated the economic and social evolution of the Northwest Territories and has held numerous portfolios including Health, Public Works, Culture and Communications, Renewable Resources, Public Works and Energy, and Mines and Petroleum Resources.

She has served on the boards of the Inuvialuit Petroleum Corporation, and the Inuvialuit Development Corporation of which she was the first managing director. As a volunteer, she has served as the Director of the Ingamo Hall Friendship Centre in Inuvik, and was a founding member of the Northern Games Association.

She received the Northwest Territories Native Women's Association's Woman of the Year Award in 1982 and in 1986 was the first recipient of the Wallace Goose Award in recognition of contributions to the culture and lifestyles of the Inuvialuit. In 1994, Ms. Cournoyea was presented with a National Aboriginal Achievement Award.

Nellie Cournoyea has the unique ability to blend contemporary issues into the rich cultural heritage that has been handed down by Inuit elders, thus ensuring a balanced and equitable perspective in shaping the development of northern Canada.

Ian Tamblyn

Singer - Songwriter

Ian Tamblyn has been praised as one of the most creative singer-songwriters in Canada. He is an accomplished instrumentalist on piano, guitar, synthesizer and hammered dulcimer. He is also a composer who has written a great deal of music ranging from contemporary folk to avant garde.

Ian was born in Thunder Bay and began his career in the mid-1960s singing pop songs of the day and traditional blues at the Fourth Dimension coffeehouse in Fort William. After completing a Bachelor of Arts degree at Trent University in Peterborough, Ontario he settled first in Ottawa and subsequently in nearby Old Chelsea, Quebec, pursuing a dual career as a singer-songwriter and a composer of instrumental and incidental music.

In November 1992, Ian accompanied a team of biologists to Antarctica. While there he worked as a dive tender, drilling holes, checking equipment, and helping scientists as they collected underwater specimens. In the meantime, he was collecting the sounds of Antarctica, from penguins to ice caves, to conversations in the dive hut - music and reflections from a cold white world.

Over My Head and *Magnetic North*, issued on CD by True North in 1991, combined field recordings of Canadian wilderness sounds --birds, rivers, whales, cracking ice --with synthesizer, hammered dulcimer, and cello to create an ambient instrumental sound that brought Tamblyn recognition as a new age musician. Notable among his instrumental pieces are *Loon Lake*, *Big Sky* and *25th Hour of the Day*. Another Tamblyn cassette, *Fifteen Great Years*, documents his music for production at the Great Canadian Theatre Company in Ottawa.

As a folksinger, Tamblyn has toured Canada with Joan Armatrading and made a New York debut at the Other End in 1978. He has appeared frequently on the Ontario festival circuit and has performed in coffeehouses, for folk clubs and as a topical songwriter on CBC radio's *Sunday Morning*. Sylvia Tyson and Sneezy Waters have recorded Tamblyn titles.

As a recording producer Ian Tamblyn is very much in demand. His plays and evocative theatrical scores are known from coast to coast.

Elizabeth Chalmers

Educator

Residents of Northwestern Ontario know Betty Chalmers from the bi-weekly column she writes for the Chronicle-Journal newspaper and from her regular commentaries on CBQ radio. Both her column and her commentaries reflect her strong advocacy for the needs of the aging population in our region.

Born and raised in an isolated northern community, Mrs. Chalmers has spent her life working as a teacher, administrator and social activist. Although retired, she continues to make her ideas heard and to play an active role in community service.

Before retiring in 1983, Mrs. Chalmers worked as the administrator of the Thunder Bay District Placement Coordination Service where she was responsible for all placements into the Homes for the Aged, Nursing Homes and Chronic Care Facilities. Prior to taking that position she worked as an administrator for Rainy Crest, a 178-bed home for the aged in Fort Frances, Ontario.

It was during the time she spent as Coordinator, Special Services for Thunder Bay Social Services that she introduced the Teaching Homemaker program and designed an Outreach Program for the elderly. Also, as part of the management team, Betty Chalmers worked with Confederation College to put in place a staff development program which brought all social services staff to the minimum level of a diploma certificate in Social Work.

Since her retirement, Mrs. Chalmers has continued to serve the needs of the elderly as a teacher, guest lecturer, researcher, freelance writer, editor and CBQ Radio commentator.

Ursula Franklin

Educator

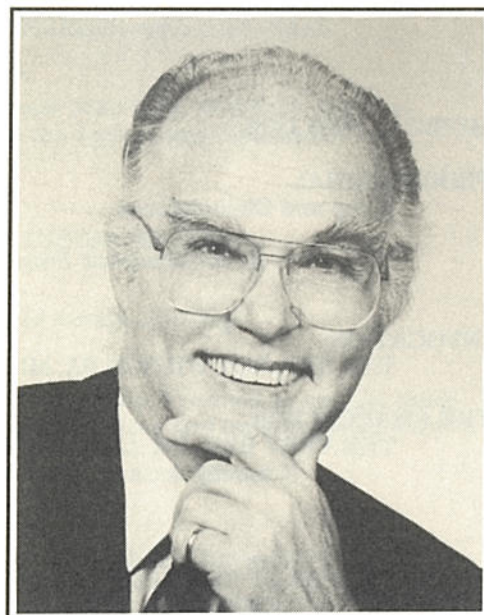

Dr. Ursula Franklin received her PhD in experimental physics from the Technical University of Berlin in 1948. She came to Canada the following year and began a distinguished scientific career in Toronto. She was Senior Research Scientist at the Ontario Research Foundation, and in 1967 joined the University of Toronto's Department of Metallurgy and Materials Science. She has published more than 70 scholarly papers in addition to making major contributions to books on the structure and properties of metals and alloys. She has been a member of the Science Council of Canada, the Natural Science and Engineering Research Council (NSERC), the National Research Council as well as the Research Board of the University of Toronto.

Dr. Franklin pioneered the application of scientific methods to the study of ancient materials and processes and made significant contributions to the new discipline of "Archaeometry". In addition to her research interests, Dr. Franklin has lectured and published on the social impact of science and technology, women's issues, peace and human rights. Some of this work has found expression in the CBC radio program IDEALS through her 1989 Massey lecture series entitled "The Real World of Technology".

Ursula Franklin is also known for her achievements as a humanitarian through her community activities. She received the Award of Merit for the City of Toronto in 1982, mainly for her contribution to neighbourhood planning. She has provided technical advice to community groups on such issues as pollution and radiation. As a Quaker, she has been actively involved in work for peace and justice, international understanding, and issues related to women. As an active member of the Voice of Women, and a member of its national council, she has been involved in many of the organization's activities.

Dr. Franklin is a Fellow of the Royal Society of Canada, a Companion of the Order of Canada, member of the Order of Ontario and a Fellow of the Ontario Institute for Studies in Education. She has also received a number of other awards including the Elsie Gregory McGill Award in Engineering, the Wiegand Award for Canadian Excellence, Woman of the Year Award from the Metro Toronto YWCA and thirteen honorary degrees from Canadian Universities.

The Ontario Confederation of University Faculty Associations, has described Ursula Franklin "as an inspiration to women in society, in the University in general and especially in the scientific, technological, and engineering fields, where she has been a role model in an environment populated by very few female faculty members."

James MacNeill

International Consultant

Jim MacNeill is an international consultant and policy advisor on environment and sustainable development who is perhaps best known for being the principle architect and major authority in the World Commission's report *Our Common Future* which sets out a new global agenda for sustainable development.

In 1984 Mr. MacNeill joined the Geneva-based World Commission on Environment and Development where he served as Secretary General. Prior to taking this position he served for seven years as Director of Environment for the Organization for Economic Cooperation and Development, headquartered in Paris, France. Earlier, he was Canada's Ambassador and Commissioner General for the 1976 United Nations Conference on Human Settlements (Habitat), held in Vancouver. Between 1971 and 1976 he was Secretary (Deputy Minister) in the Canadian Ministry of State for Urban Affairs. Previous to that, he served as a special advisor on the constitution and environment in Prime Minister Trudeau's office. While there, he authored his first book on the environment entitled *Environmental Management in Canada*. He also played a leading role in Canada's preparations for the 1972 UN Conference on the Human Environment in Stockholm, Sweden.

Jim MacNeill is the recipient of a number of awards including the highest achievement award of his native Province of Saskatchewan, the City of Paris' Silver Medal, and the Merit Award of the Climate Institute. In 1991, he received the WASA Environmental Award from the King of Sweden. He is the author of a number of books, articles and publications. His most recent book, *Beyond Interdependence*, was published in English, Japanese, and in Portuguese.

Born in Saskatchewan on Earth Day, April 22, 1928, Mr. MacNeill is now president of MacNeill & Associates, a Senior Advisor to the President of Canada's International Development Research Centre, and a member of numerous boards in North America and Europe. Most recently he co-led a Task Force of senior managers in Ontario Hydro to prepare a strategy for sustainable energy development for Hydro and he remains a senior advisor to the Chairman of Hydro for the implementation of the strategy.
