

## Members of Political Science Dept. To Present Papers in Winnipeg

●Three members of the Department of Political Science will present papers at the 42nd Annual Meetings of the Canadian Political Science Association in Winnipeg in June.

Associate Professor Evelyn Eager: 'Party, Government and Administration in Saskatchewan since 1944'

Assistant Professor Alan Alexander: 'The Institutional and Role Perceptions of Local Councilors'

Lecturer Peter Johnson: 'The Nova Scotia Union of Municipalities as a Pressure Group'

Dr. Eager is presently on sabbatical leave and is completing her book, 'The Government of Saskatchewan' which will be published in the University of Toronto Press Canadian Government Series. She will return to the campus in the fall.

●A \$4,000 grant from the J. P. Bickell Foundation was recently awarded to Lakehead University to provide five student microscopes for the Department of Geology.

●The food services contract at Lakehead University was awarded to The Saga Foods Company by President Tamblyn's Advisory Committee on food services, representatives of the Residence Council and members of the Alma Mater Society.

The new management began on May 17, headed by Director, Gord Burrows and Manager, Bill Seymour, both employees of Saga Foods. Rumour says the food is improving.

●Director of Extension and Summer School, K. L. Morrison would like to remind all potential Summer Session students that the last day for registration in courses has been changed to Monday, June 8.

Dr. P. Sarbadhikari will be presenting a paper provisionally entitled 'Towards a Study of Social Movements in a Typology of International Theories', at the International Political Science Meeting at Munich in September.

Dr. G. Engholm has been invited to attend a one-day Conference at Carleton University on 23rd May which will include members from the Ministry of External Affairs to discuss Canada's foreign policy attitude towards the Republic of South Africa. Dr. Engholm will also be presenting a paper on Policy and Representation in Tropical Africa to the American Political Science Association's Annual Conference to be held at Los Angeles in September.

●At its April meeting, the Committee of Presidents received a report on the survey of citizenship of graduate students for 1969-70 from the Ontario Council on Graduate Studies (OCGS). A similar study had been done last year; the report for 1968-69, making it possible to observe changes.

Total graduate enrolment in 1969-70 increased by approximately 2,500 students, or 17% to 17,500 students, of whom 12,100 (69%) were full-time; the numbers of full-time students increased by 14% while part-time students increased by 25%. The foreign-student component declined in 1969-70 from 20% to 14%, while landed immigrants increased from 13% to 17%, and Canadians increased from 66% to 69%. Together, Canadians and landed immigrants accounted for 86% of the total graduate-student population in 1969-70. The largest groups of foreign students in both years were Asian (6%) and American (3%).

●Some of the Onondagas tribe from the Thunder Bay Youththeatre production of "Hair DR" are shown above with Director, Stephen Dalley (seated, left). The colorful tribal rock-love musical will be presented on three additional nights because of the public demand for tickets. Tickets for these extra performances (June 9, 11 and 13) met the same fate as those printed for the June 2-7 production dates - they were all taken within a matter of hours after they were distributed to the outlets!

Ticketholders should eat lightly and rest before attending the performance to prepare themselves for two and one-half hours of singing, foot-stamping, clapping, crying and laughing with the 25 young, energetic actors and actresses in the play.

●Lakehead University's Chief Security Officer, Gordon Gaudry is a collector of watches, rings, glasses, textbooks, keys, brochures and other odds-and-ends. They're all "lost and found" articles which accumulate in his office.

He isn't possessive with his hoard of goodies so if you've lost anything recently, why not pay him a visit and see if he's holding it for you. His office is located underneath the Agora and you can telephone him at extension 569. (P.S. He doesn't collect clothing).

## GRANT AWARDED TO DR. BARCLAY

●The Donner Canadian Foundation has awarded a \$3,000 grant to Dr. P. Barclay, Assistant Professor of Biology at Lakehead University, to support his studies of blueberry and wild rice crops as potential sources of income for non-reservation Indians in the area north of Lake Nipigon.

"Blueberries will be studied using known management techniques to attempt to increase and stabilize yields in order to make this crop a more reliable and greater source of income," commented Dr. Barclay. He added: "the study of wild rice will be made from the point of view of establishing commercial paddy production and also improving wildlife habitats. A search will be made for suitable wild rice areas this summer. Again the purpose is to provide a reliable source of income for the people of the area."

●L.U. WEEK is published weekly by the Dept. of Information Services at Lakehead University, Oliver Road, Thunder Bay, Ont. and distributed free of charge to faculty, students, administrative staff and friends of the University. Copy should be sent to the Information Office by 5 p.m. on Wednesday for publishing in the following WEEK.
